

TSA 20

Mobile hand spray unit

Technical data

Max. Operating pressure:	2.5 bar, oil-free
Working pressure:	0.1 - 0.5 bar
Filling volume:	approx. 19.5 litres
Compressed-air consumption:	approx. 60 l / min.
Height:	800 mm
Width:	400 mm
Depth:	400 mm
Weight:	approx. 12 kg

Permanent compressed-air connection required

GB

Features

Mobile hand spray unit

low space requirement, flexible use

Functional design-quality

stainless steel housing with integrated pressure tank and control fittings, easy cleaning

High-quality construction

high-quality components used, suitable for foods

Continuous adjustment

quick and easy adjustment of the operating pressure to the product in use

Lightweight, sturdy hand gun

very user-friendly in long-term operation, fatigue-free work

Airmix method / low-pressure

processing of all known viscosities, nearly mist-free dispersion with precise dosage

Safety valve

safety valve provides reliable protection against excess pressure
