

RELEASE AGENTS

for baked goods and confectionery, meat and food products, restaurants and caterers

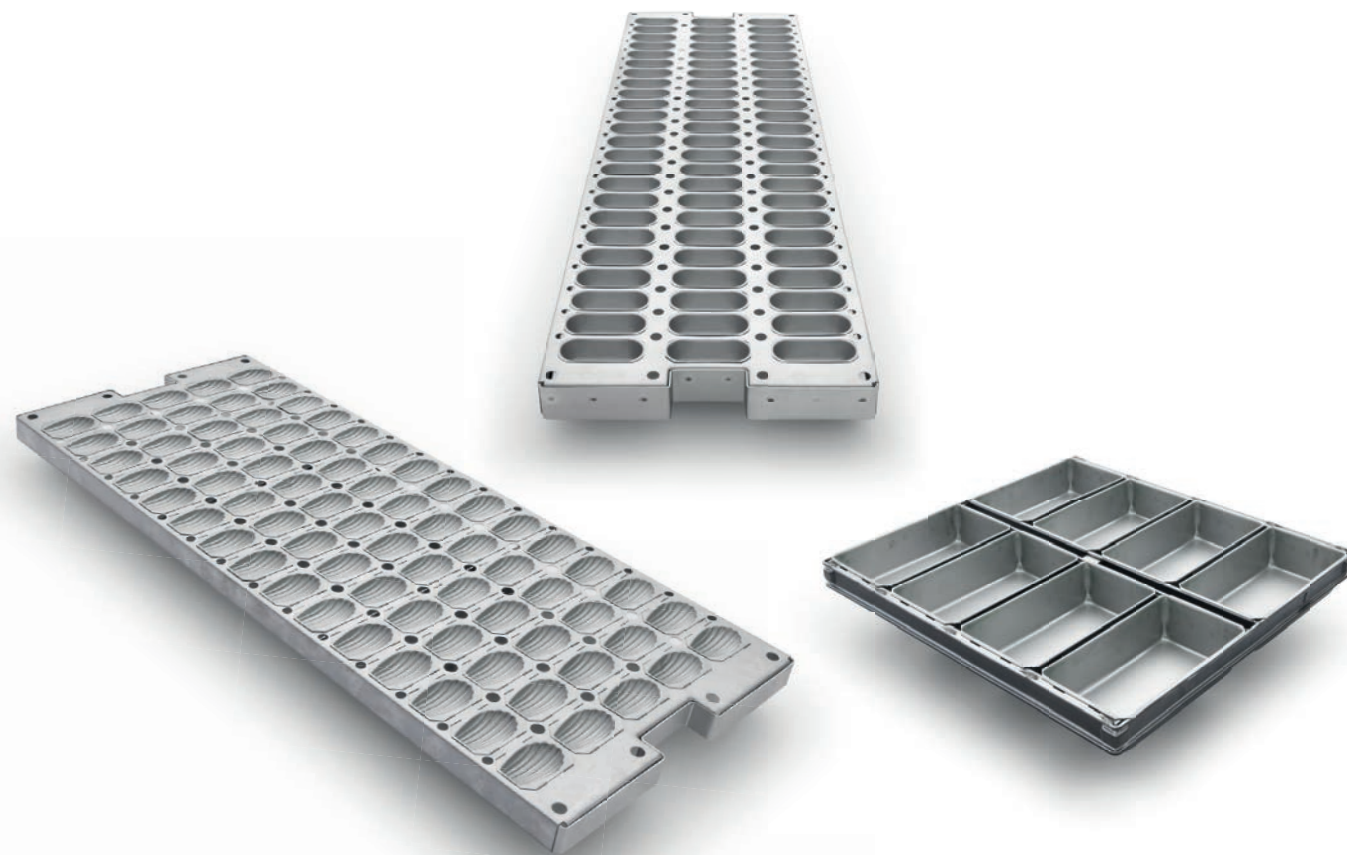

BETTER PROCESS. BETTER RESULTS.

WE ENSURE SMOOTH PRODUCTION PROCESSES.

Release agent production, machine construction, service and logistics: these are the four pillars on which we at DÜBÖR have built our success. For over 60 years, our knowledge and skill has ensured smooth production processes in the baked goods and confectionery, meat and food, restaurant and catering industries. We supply medium-sized and industrial companies worldwide via our international locations.

A COMPLETE SPECIALIST

Thanks to our focus on release agents, the appropriate spraying technology and the relevant approaches used in your production processes, we have become complete specialists in this area. The benefit to you: there are no gaps in our release agent and spray technology product range, which extends even to custom-made new developments. In other words, we offer the perfect solution for you – as well as a reliable supply and delivery chain.

PROFESSIONAL ADVICE AND RELIABILITY

The right spraying technology for every release agent: a combination that guarantees first-class results. Together with our many years of experience advising customers, you can be sure to have the best solution to hand with DÜBÖR. You will be supported by a friendly, helpful service team, for whom reliability is key.

Let what belongs together work together. You'll achieve the best results when combining DÜBÖR spraying technology with original DÜBÖR release agents. We'll be happy to advise you!

WHAT CONNECTS US ARE GOOD SEPARATORS.

Our baking release agents, cutting oils, organic release agents, special products and release agents in spray cans are produced exclusively using selected, high-quality plant materials. What’s more, with the DÜBÖR Trennaktiv Bio 200 / 400 and Bio ST-OIL organic product range, we also offer certified organic release agents and cutting oils. Do you want to avoid using palm oil? Here, too, DÜBÖR can help with a suitable product.

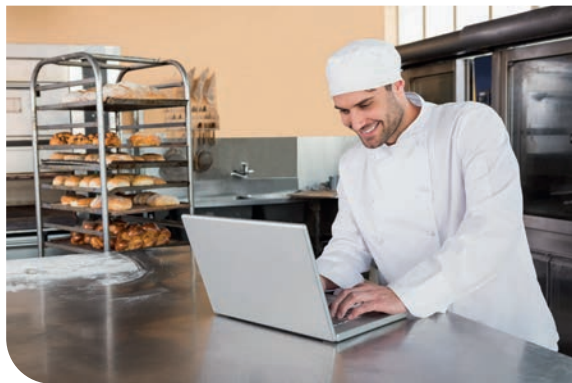

THE RIGHT PRODUCTS FOR A CLEAN RELEASE

Everything in a baking mould must be released without leaving any residue: that’s our job, simple and clear. That’s our big contribution towards a successful result. Simple, clean release from moulds, baking sheets or tins is where we excel. We offer a wide range of DÜBÖR release agents, which are optimised to meet technical requirements, the size of your operation and the space available.

CERTIFIED PRODUCTS

From separating oil and emulsion to separating wax and cutting oil: our products are 100% of plant origin and allergen-free. DÜBÖR is certified in accordance with FSSC 22000, which means that our products are fully certified as kosher and halal. Products with palm oil come from RSPO Segregated sources. With DÜBÖR, you are always on the safe side.

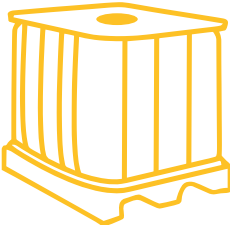

Release agents in 30 l KEG drum

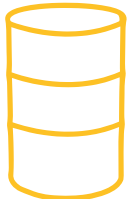

- 100% vegetable
- No hardened oils
- Allergen free
- Kosher and halal certified
- EU organic certified (DE-ÖKO-021)

RELEASE AGENTS

BAKING RELEASE AGENTS

Trennaktiv 42 S	Applications	Benefits
■ Emulsion simply	■ Baking moulds	■ Reliable release
■ No palm oil	■ Sheets	■ Easily visible in the mould
		■ Simple, economical application

Trennaktiv 85	Applications	Benefits
■ High quality emulsion	■ Baking moulds	■ Reliable release
	■ Baking sheets	■ Easily visible in the mould
	■ Bread moulds	■ Simple, economical application
	■ Sponge cake and cake biscuit tins	

Trennaktiv 99	Applications	Benefits
■ High quality emulsion	■ Baking moulds	■ Reliable release
■ No palm oil	■ Sheets	■ Simple, economical application
	■ Release of bread baked close together	
	■ Paderborn bread moulds	

Trennaktiv B 100	Applications	Benefits
■ Baking release agent standard	■ Trays	■ Reliable release
■ No palm oil	■ Bread moulds	■ Simple, economical application

Trennaktiv B 105	Applications	Benefits
■ Baking release agent	■ Bread and cake moulds	■ Reliable release
	■ Stell band ovens	■ Universal use
	■ Sheet cleaning machines	■ Simple, economical application

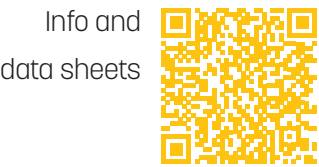

Trennaktiv PR 100	Applications	Benefits
■ Universal baking release agent	■ Bread and cake moulds	■ Reliable release
■ With and without palm oil	■ Viennese- and sponge cake tins	■ Low mist spraying
	■ Steel band ovens	■ Simple, economical application

Trennaktiv B 110	Applications	Benefits
■ Universal baking release agent	■ Bread- and cake moulds	■ Heat resistant
■ With and without palm oil	■ Cake trays	■ Oxidation stable
	■ Steel band ovens	■ Viscous and homogeneous
	■ Sheet cleaning machines	

TRENNWACHS

Trennwachs 30	Applications	Benefits
■ Trennwachs liquid	■ Perforated trays and baking tins	■ Optimum release
	■ Steel band ovens	■ Heat resistant
	■ Sheet cleaning machines	■ Oxidation stable
		■ Simple, economical application

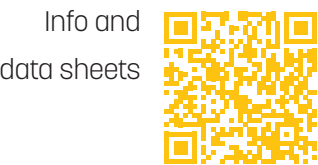

Trennwachs 52	Applications	Benefits
■ Trennwachs high quality	■ Trays and baking tins	■ Optimum release
	■ Steel band ovens	■ Long-term oxidation stable
	■ Sheet cleaning machines	■ Simple, economical application

Trennwachs 66	Applications	Benefits
■ Trennwachs high quality	■ Trays and baking moulds	■ Optimum release
■ No palm oil	■ Steel band ovens	■ High-performance release wax
	■ Sheet cleaning machines	■ Oxidation stable
		■ Simple, economical application

CUTTING OILS

 	SG-ÖL	Applications	Benefits
	■ Cutting oil	■ Bread cutting machines	■ Residue-free dough release
		■ Bandslicer	■ Adhesion-free dough transportation
		■ Dough hopper and dough divider	■ Clean, even bread cutting
		■ Conical rounder	■ Simple, efficient application

 	SG-ÖL FR	Applications	Benefits
	■ Cutting oil	■ Bread cutting machines	■ Residue-free dough release
	■ No palm oil	■ Bandslicer	■ Adhesion-free dough transportation
	■ Neutral taste	■ Dough hopper and dough divider	■ Clean, even bread cutting
		■ Conical rounder	■ Simple, efficient application

 	SG-ÖL T	Applications	Benefits
	■ Cutting oil	■ Bread cutting machines	■ Residue-free dough release
	■ Clean label	■ Bandslicer	■ Adhesion-free dough transportation
	■ No palm oil	■ Dough hopper and dough divider	■ Clean, even bread cutting
		■ Conical rounder	■ Simple, efficient application

 	SG-ÖL S	Applications	Benefits
	■ Cutting oil	■ Bread cutting machines	■ Residue-free dough release
	■ High quality	■ Bandslicer	■ Oxidation stable
	■ Odourless	■ Dough hopper and dough divider	■ Simple, efficient application
	■ Neutral taste		■ Also available in 1 litre PET bottle

 	Einwegschneidöl	Applications	Benefits
	■ Cutting oil circular blade	■ Circular blade slicing machine	■ Clean, even bread cutting
	■ Neutral taste	■ Industrial plants multi-shift	■ Good adhesion to the circular knife
	■ No palm oil		■ Low mist spraying
			■ Simple, efficient application

BIO BAKING RELEASE AGENTS

 	Trennaktiv Bio 200	Applications	Benefits
	■ Organic release agent	■ Trays and moulds	■ Optimum release
	■ Vegetable organic baked goods		■ EU organic certified
	■ No palm oil		■ Simple, efficient application

 	Trennaktiv Bio ST Öl	Applications	Benefits
	■ Organic cutting and release agent	■ Bread cutting machine	■ Optimum release
	■ Vegetable organic baked goods	■ Bandslicer	■ EU organic certified
	■ Simple, efficient application	■ Dough hopper and dough divider	■ Simple, efficient application
	■ No palm oil	■ Trays and moulds	

 	Trennaktiv Bio 400	Applications	Benefits
	■ Organic release agent	■ Trays and moulds	■ Residue-free release
	■ Vegetable organic baked goods	■ Steel band ovens	■ Universal use
	■ No palm oil		■ EU organic certified
			■ Simple, efficient application

 	Bio-Einweg-Schneidöl	Application	Benefits
	■ Organic cutting oil circle disk	■ Circular blade slicing machine	■ Clean, even bread cutting
	■ Neutral taste		■ Good adhesion to the circular knife
	■ No palm oil		■ Low mist spraying
			■ Simple, efficient application
